Ask Suzanne about optional lengths of stays

This month long retreat is an invitation to live in community while sharing in a deep experience of silence and inner listening. It is an opportunity to deepen our sense of trust in Spirit, and rest in the innocence and joy of our devotion. The retreat will include optional opportunities for teaching sessions with David, intimate conversations in the sanctuary with the Messengers of Peace, as well as Spirit-inspired movie sessions, poetry readings, guided meditations, and music to gently support the release of blocks to the experience of Love's presence.
